Farmingville, NY - At the April 8, Town Board Meeting, Councilwoman Valerie M. Cartright honored two Ward Melville High School students, Donald Della Pietra and Gary Ge, for achieving a perfect score on the SATs which were administered last November.

A perfect SAT score is 2400, a total of 800 in each of three sections; math, reading, and writing. Only about 360 students of the 1.6 million students who take the test each year receive a score of 2400.

"Thank you, Donald and Gary, for setting an academic example," said Councilwoman Cartright, who also thanked the boys' parents for their support. "Your accomplishments will help other students know that they can achieve whatever goal they put their minds to; job well done."

The third student from Ward Melville High School who also received a perfect SAT score, but was unable to attend the Town Board Meeting, is Caroline Zheng.
