April 25, 2013

Farmingville, NY - Brookhaven Supervisor Ed Romaine and Councilwoman Jane Bonner unveiled a hydrogeology kiosk at Heritage Park in Mt. Sinai. The kiosk, installed by the Suffolk County Water Authority (SCWA), is designed to educate visitors of the park about the source of drinking water in the area, and the sole source aquifer beneath our community.

"Our groundwater is one of the most precious resources in Brookhaven," said Supervisor Romaine. "By teaching our residents and our children about our water source, and the impact of their actions on our aquifer, we enlist them in our efforts to protect our drinking water for generations to come."

Pictured at the event are (l. to r.) Brookhaven Town Parks Commissioner Ed Morris, Supervisor Ed Romaine, Heritage Trust Co-Founder Fred Drewes, SCWA Director of Communications, Government Affairs and Efficiency Management Tim Motz and Councilwoman Jane Bonner.
