Supervisor Romaine and Councilwoman Cartright Announce Improvements at Port Jefferson Marina

posted on 9/1/2016 10:34:00 AM

Farmingville, NY – Supervisor Romaine and Councilwoman Cartright recently toured the Port Jefferson Marina to inspect improvements to the facility completed during the summer. The Brookhaven Town Department of Parks invested $200,000 in capital projects for improvements to the marina. They include the installation of new decking which has been extended out to the seawall, and the addition of new electric service to the seawall which can now accommodate boats up to 150-feet. A new fire prevention system was installed throughout the marina for increased safety, as well as new bathroom facilities in the Port Jefferson marina tower. The tower itself was also renovated with new doors, windows, siding, electrical, and energy efficient lighting. The improvements will continue into the fall as new floating docks and pilings will be added on the seawall.

The Brookhaven Town marina is located in Port Jefferson Village on East Broadway. It opens the second Saturday of May and closes the first Sunday of November. The marina offers many amenities including 174 boat slips, seasonal docking for residents, transient docking for residents and non-residents, electric hook-ups, boat ramp, pump-out boat, bathrooms, showers, laundry machines, bags of ice and a soda machine. For information on how to obtain a seasonal boat slip, please call the Town Clerk's office at 631-451-9122.
