**Farmingville, NY -** Today, Supervisor Ed Romaine and Councilwoman Valerie M. Cartright visited the Comsewogue Senior High School to announce the school's participation in the Town's pilot program that promotes single stream recycling in schools. The Town provided a large container and Curby Cans to the school that students use to deposit their recyclables. Once a week, the Town collects them at no charge to the school district. The other school districts that are currently participating in the Town's pilot program include William Floyd, Rocky Point and Center Moriches.
