Farmingville, NY - On July 29, Supervisor Ed Romaine and Councilwoman Jane Bonner were given a tour of the new boardwalk at Cedar Beach in Mount Sinai. The boardwalk, a 500 foot long loop that begins and ends at the Town's Marine Environmental Stewardship Center, includes two resting off shoots with benches. Strollers along the boardwalk can enjoy great vistas of the Long Island Sound and the beach where rabbits, deer, butterflies and a wide variety of birds can be observed throughout the year. Cedar Beach also has some of the most spectacular sunsets on Long Island which can be viewed from the boardwalk.
