

# Brookhaven Safety Town

## at the Holtsville Ecology Site

Designed to offer children instruction in Traffic Safety as well as pedestrian and bicycle safety. Brookhaven's Safety Town is a replica of a miniature village with an indoor educational facility. Program participants receive classroom instruction, followed by hands-on experience using bicycles and miniature electric vehicles. School districts are invited to bring groups of third-grade students for field trips; classes are also available for local Boy and Girl Scout troops, as well as individuals during the summer. In addition, Safety Town hosts Bicycle Safety Rodeos, Car Seat Inspections as well as a Teen Driver Survival Training program for teenagers 15 and older.

**Town of Brookhaven**  
Long Island

**Daniel P. Losquadro**  
Highway Superintendent

**Department of Traffic Safety**  
Jon Sullivan, Traffic Engineer
