Farmingville, NY - On Friday March 11, several Middle County School District Cosmetology students participated in the Skills USA Competition at SUNY Farmingdale. The event, which was part of the Skills USA Area Regional Conference, gave students the opportunity to display their skills in an area of their expertise. Councilwoman/Deputy Supervisor Kathleen Walsh was present to encourage the local students who were competing, including Newfield High School student Tania Ali who placed first in the cosmetology and Centereach student Victoria Celli who placed third.

"This competition is a great way for students to show off their talents and share this experience with other students," said Deputy Supervisor/Councilwoman Walsh. "I congratulate the winners and also give credit to their parents and teachers who inspire, support and encourage them."

SkillsUSA is a partnership of students, teachers and industry professionals working together to ensure America has a skilled work force and to help students excel. SkillsUSA is a national nonprofit organization serving teachers and high school and college students who are preparing for careers in trade, technical and skilled service occupations, including health occupations.
