Farmingville, NY - On June 3, Supervisor Mark Lesko and Councilman Steve Fiore-Rosenfeld attended the 1st Birthday Celebration of the Children's Community Early Head Start program in Port Jefferson. The Early Head Start program fosters healthy pregnancies, healthy growth and development in very young children, and positive family functioning respectful of an individual family's culture and language. They have centers in Ronkonkoma, Port Jefferson, and Miller Place that provide services for families residing in 13 Long Island school districts.

Supervisor Mark Lesko said, "The Children's Community Early Head Start program provides such a wealth of services to so many children and their families. The success of this program, after just one year, is the result of hard work, dedication, and love by the staff and I am happy to share in the celebration of their first anniversary. They can always count on my support whenever they need it."

"I am proud to lend my support to the Children's Community Early Head Start program and wish them a happy first birthday," said Councilman Steve Fiore-Rosenfeld, "My wife is a teacher, so I am very aware about the need for Head Start and what it means to the community. The children who come through this program are well prepared when they start school and that is a testament to the extraordinary staff and teachers who work here."
