August 3, 2015

Farmingville, NY - On August 1, Councilwoman Connie Kepert joined the Gordon Heights community to celebrate the 88th Anniversary of the annual community picnic. The celebration, which was held at the Granny Road Park, began with a parade that started at Homestead Avenue and ended in the park. It was then followed by recreational and educational activities for the children that included a self-defense workout, water slides, relay races, obstacle courses, and a single stream recycling demonstration.

"Gordon Heights Day is dedicated to highlighting all the groups and organizations which make up the community," said Councilwoman Kepert. "It is a day that celebrates a wonderful community, and provides an opportunity to meet and appreciate the company of old friends, enjoy some great food, and activities."
