Farmingville, NY - On June 6, Town of Brookhaven Councilwoman Connie Kepert attended the 2015 annual Bellport/Brookhaven Historical Society fundraiser. The event is held each year to fund the preservation of the society's historical structures and to enable the organization to present exhibits, lectures and programs throughout the year that encourage the conservation and enjoyment of Town's cultural legacy. This year's theme was floating sculpture and honored the work of the late Ken Budny. "Ken was a great artist and ardent protector of the Great South Bay, he will be greatly missed," stated Councilwoman Connie Kepert.
