June 12, 2015

Setauket, NY - Brookhaven Highway Superintendent Daniel P. Losquadro is announcing a Bicycle Rodeo event on Saturday, June 20th that will provide children of all ages with an opportunity to become safer bicyclists and avoid accidents. Instructors will discuss and demonstrate different elements of bicycle safety at Safety Town, located within the grounds of the Holtsville Ecology Site. The funding for this program is provided by the Governor's Traffic Safety Committee to fund road safety programs for children. A free bicycle inspection is offered for all participants. Participants must bring their own bikes.

"This event takes place the day before the official start of summer and as children look forward to riding their bikes, we want to make sure they do so in the safest manner possible," Superintendent Losquadro said. "This program teaches children essential information that will increase their awareness and help develop safe cycling habits. I want to thank the employees from the Highway Department's Division of Traffic Safety and Suffolk County Sheriff's Office for the excellent instruction they provide."

The Bicycle Rodeo will be held at Safety Town, located at 249 Buckley Road in Holtsville on Saturday, June 20th from 10 a.m. to 1 p.m. For further information, please call (631) 363-3770.
