Coram, NY - Brookhaven Highway Superintendent Daniel P. Losquadro is announcing the first of three Bicycle Rodeos on Sunday, April 19th which will provide children of all ages an opportunity to become safer bicyclists and avoid accidents. Instructors will discuss and demonstrate different elements of bicycle safety at Safety Town, located within the grounds of the Holtsville Ecology Site. The funding for this program comes from a grant provided by the governor's Traffic Safety Committee to fund road safety programs for children. Participants must bring their own bike.

"We planned this event for a Sunday to make it easier for parents and guardians to attend with their children," Superintendent Losquadro said. It is important for new bicyclists to engage in healthy outdoor activities, but most importantly that they do so safely. I want to thank the instructors from the Highway Department's Division of Traffic Safety and Suffolk County Sheriff's Office for their participation in this very productive event."

This first Bicycle Rodeo will be held at Safety Town, located at 249 Buckley Road in Holtsville, on Sunday, April 19th from 10 a.m. to 1 p.m. For further information, please call 631-363-3770.
