Farmingville, NY - On May 20th, Supervisor Mark Lesko was a guest of the Setauket Yacht Club for their Annual Commissioning Ceremonies. As part of the event, which marked the official club opening for the 2012 season, Supervisor Lesko addressed the members of the club and those in attendance.

Supervisor Lesko said, "It is a true honor to be on hand on such a beautiful day to help the Setauket Yacht Club kick off their boating season. I wish them another safe and successful summer of sailing."

Legislator Kara Hahn, who also attended, said, "I am so pleased to be here overlooking the harbor where I learned to sail as a young girl. I wish all boaters calm waters and blue skies as they enjoy our magnificent waterways this season."

The Setauket Yacht Club was founded in 1959 and moved to its present location in the southeast corner of Port Jefferson harbor in 1977. The club, which is led by 2012 Commodore Angela Bari, provides social, educational, cruising and racing programs throughout the year.
