Farmingville, NY - Councilwoman Kepert met up with some civic minded youth on Saturday for the yearly Brookhaven Plant-In. "This is a great day to see our young people participating in beautifying the community. I'm a strong believer in providing fun, productive opportunities for youth to get involved in community work. If they start young it will last a lifetime," stated Councilwoman Kepert.

The Councilwoman met up with the Girl Scout Troop 887 at the Lynwood Elementary School, led by Donna Swiderski, where the girls were planting colorful annuals along the border of the school. Councilwoman Kepert then traveled to the Ridge Civic Park.
