Farmingville, NY - In an effort to create a network of bicycle paths that will enable bicyclists to get on their bikes and ride to recreational destinations without having to get in their automobiles, Councilwoman Kepert recently designated Currans Road, which runs from Middle Country north to Whiskey Road, as an official town bike path. Bicyclists that access the path will be guided by the installed signs along the path that indicate distance to end of path. "I've been working with the Town of Brookhaven's Bicycle Advisory Committee and we identified this as an important link in the creation of a network that will encourage people to reduce car trips and to use our parks," stated Councilwoman Kepert.

The Councilwoman is also in the process of working with the Town's Highway Department on creating a bicycle path along Whiskey Road that will connect to the Brookhaven State Park to the east, to the Paumanok Path and the New York State DEC trails.
