Farmingville, NY - This Sunday, November 11, 2012, Councilwoman Connie Kepert attended the Veteran's Day Commemoration at Bartlett Pond Park in Middle Island. The ceremonies were hosted by the Longwood Alliance, Middle Island Civic Association, and Boy Scout Troop 433, and included a flag ceremony, a wreath-laying at each memorial, songs, poems, and prayers.

"The Veterans Day Commemoration at Bartlett Pond Park is always a wonderful way to say "thank you" to all of our veterans for the incredible and selfless sacrifices they have made and continue to make for their country," stated Councilwoman Kepert.

Councilwoman Kepert has been working with the community and the Park Department to improve Bartlett Pond Park. The improvements include a new irrigation system installed by the Town of Brookhaven Parks department, the planting of over 400 daffodil bulbs by the Middle Island Civic Association, and, thanks to the help of Bob Kessler and the scouts of Troop 433, the installation of a circular walkway of used and engraved bricks at the center of the memorials.
