Coram, NY - Before temperatures drop to a level that will not be conducive to paving, the Brookhaven Highway Department is diligently working to finish its remaining road resurfacing work. A significant project was completed in Selden last week, removing eight roads from the Department's high priority list in the process. These roads consisted of Paula Boulevard, Joy Road, Bart Drive, Seminole Street, Muller Drive, Fran Lane, Rhodes Court and Mayson Court.

"While the Highway Department continues to evaluate every road in Brookhaven Town, I am happy we were able to address many of the roads in this community during this paving season," Brookhaven Town Superintendent of Highways Dan Losquadro said. "These roads were some of the worst in the entire town. The town's overall infrastructure is in much better condition than it was six months ago. I am proud of the progress that has been made in a very short period of time and we are still weeks away from completing our paving season."
