Farmingville, NY - On June 19, Councilman Tim Mazzei (back row center) visited Bluepoint Elementary School to thank students from Ms. Walsh's (left) 4th grade class for participating in a program to encourage awareness of the Town's single stream recycling program. The students designed and painted two 55 gallon drums that will be placed at Corey Beach in Blue Point and the Sandspit Marina in Patchogue.

Councilman Mazzei said, "These drums will help to remind people about how important it is to recycle and I thank for doing their part to help make Brookhaven a cleaner and greener town."
