Farmingville, NY – On Tuesday, June 3, Councilwoman Connie Kepert was the guest speaker at the Middle Island Senior Club meeting held at the Middle Island Fire Department. At the meeting, the Councilwoman updated the group on the new Carbon Monoxide (CO) Detector legislation she is currently working to pass which will require all dwelling units in the Town of Brookhaven to have at least one digital readout CO detector. The digital detectors will alert residents Carbon Monoxide levels that are below what will set a normal alarm off but can still be harmful and cause someone to become ill. The Councilwoman also spoke about the implementation of the Carmans River Conservation and Management Plan, which includes the expansion of both the Central Pine Barrens region and the Compatible Growth Area, acquisition of environmentally sensitive lands for open space, nitrate and sanitary restrictions, and upzongings of parcels located within the watershed area.

"The Middle Island Senior Club is a great group and I always enjoy attending their meetings and sincerely thank them for inviting me to attend," said Councilwoman Connie Kepert.
