April 10, 2014

Farmingville, NY - Councilwoman Valerie M. Cartright has launched her "Community Connection Campaign." The Campaign is a multi-faceted approach to provide residents with accessible, convenient access to the Town services and to the office of Council District 1 (CD1). A primary goal of the Campaign is to ensure that constituents of CD1 are notified of proceedings and events that are relevant to their specific Council District. The campaign has multiple components including the "Mobile Offices."

The Councilwoman will hold a series of "Mobile Offices" in each area of her Council District. Residents can go to the Mobile Office, which will be located within their community, rather than traveling to Town Hall in Farmingville. Constituents will have the opportunity to speak with the Councilwoman and staff regarding any questions, comments or concerns.

The first three Mobile Offices will be held in April, May and June in Setauket, Port Jefferson Station/Terryville, and Stony Brook, respectively. Please see below for specific locations. Additional dates for the summer and fall will be announced in June.

A second component of the campaign is the district specific update emails. Constituents can opt in to periodic emails updating them on upcoming Town related business proceedings regarding matters in or affecting CD1 (click here to sign up using the below link and complete the "Join Councilwoman Cartright's Mailing List" form on the CD1 homepage).

These updates will include published agenda items before the Town Board, the Planning Board and the Board of Zoning Appeals for the following two week period. Email updates will begin on Friday May 2 and residents are asked to sign up by April 25.
