On Thursday, April 17, 2014, Councilwoman Connie Kepert was the guest speaker at the Middle Island Civic Association's monthly meeting. The Councilwoman provided the Civic with an update on a wide range of issues, including the progress of the mixed-use Sandy Hills project, the upcoming groundbreaking at the old Coram UA Theater, and the old Kmart property. The Councilwoman also provided information on the newly formed Tudor Oaks Task Force, which is a collaborative effort involving the Suffolk County Police Department, DSS, CDCLI, Legislator Sarah Anker, and the Town's Building, Housing, and Law Departments to address safety and quality of life concerns in the Tudor Oaks community.

"As a past Middle Island Civic Association President, it is always a pleasure to meet with the civic and the residents of the area," stated Councilwoman Kepert. "The Middle Island Civic is a thriving organization which works to better the community and the quality of life of all of the residents of Middle Island."
