Farmingville, NY – Brookhaven Town Highway Superintendent Daniel P. Losquadro and Councilman Dan Panico have announced the completion of an extensive, 19-road paving project in Center Moriches. The total cost for this project was just over $500,000.

“Residents living in the vicinity of this large-scale paving project are enjoying a smoother, safer ride since its completion,” said Superintendent Losquadro. “For the past three and a half years, my staff and I have made a concerted effort toward improving Brookhaven’s infrastructure—one road at a time—while working within the constraints of the budget.”

Roads paved during this project include: Areskonk Lane, Bowditch Lane, Cedar Street, Dubon Road, Estate Road, Florence Place, Grace Court, Henry Street, Howell Place, Inwood Road, Jennings Avenue, Monte Lane, Prince Street, Rhododendron Drive, Sedgemere Road, Senic Drive, Smith Street, Stark Drive and Terry Place.

“I am very pleased that this much-needed resurfacing project was accomplished for our residents, and I thank Highway Superintendent Losquadro for responding to the needs of the people,” said Councilman Panico.
