March 7, 2014

Established in 1907 by the Daughters of Wisdom, Maryhaven's vision is to create opportunities to improve and enrich the lives of people with special needs. The Work Center provides services in packaging and assembly, document imaging and scanning, and micrographic services for such organizations as Cablevision, the New York State Unified Court System, SUNY Stony Brook University, and Western and Eastern Suffolk BOCES. Maryhaven is also a Preferred Source Provider for New York State Industries for the Disabled (NYSID), which provides a competitively priced solution approved by the NYSOGS that offers an alternative to the costly and time-consuming bidding process.

"It was my pleasure to be given a tour of Maryhaven's facility in Yaphank. Maryhaven's organization provides opportunities for individuals with special needs to have a sense of self worth and independence while creating and providing quality, customized goods and services to the local New York community," said Councilwoman Kepert.
