Farmingville, NY – Brookhaven Town Highway Superintendent Daniel P. Losquadro and Councilman Michael Loguercio announced the completion of an eight-road paving project in a residential Ridge neighborhood.

In addition to milling and paving of the roadways, this project required the replacement of more than 5,200 square feet of aprons and 1,100 linear feet of curbing. The total cost for this paving project was $318,250.

Roads paved included Cedar Heights Drive, Cliffwood Lane, Fox Hollow Lane, Green Terrace, Hillcrest Lane, Indian Ridge Place, Mount Oak Place and Scenic Hills Drive.

"Roads in this paving project were badly deteriorated and in need of replacement," said Superintendent Losquadro. "The Highway Department is continuing to make its way through Brookhaven, one road at a time, improving our infrastructure while working within budgetary constraints."

"Thank you to our Superintendent of Highways, Dan Losquadro, and all the folks at the Brookhaven Town Highway Department, for keeping our roads safe, for all of our residents to travel on," said Councilman Loguercio. "Another job well done."
