General Information

Instructions

We recommend using Google Chrome to fill out this form
Make sure the web browser application you are using is updated to the most current release before proceeding. We recommend that you not use Internet Explorer.

You Must Complete This Form in a Single Session
You must complete your submission in a single session on your web browser. If you close the browser before submitting your work, your incomplete submission will be discarded. Before you close the browser, make sure you see the submission confirmation screen after you click "Submit" at the end of the form.

Who Must Complete This Form
The official who oversees code enforcement activities for your local government must complete this form. If your local government has transferred such responsibilities to another local government by opting out of enforcement or entering a shared services agreement as provided by law, then this official will be part of the other local government. Do not complete this form if you are not responsible for code enforcement activities in this local government’s jurisdiction.

Instructions
The Reporting Year is the calendar year (January through December) for which the reported data have been collected. The Uniform Code is the New York State Uniform Fire Prevention and Building Code. The Energy Code is the New York State Energy Conservation Construction Code. The Code Official is the official enforcing the Uniform Code or Energy Code in the town.

If you are submitting on behalf of a local government that administers the Uniform Code or the Energy Code for other local governments, you must submit a separate report on each city, town, village, and county for which you administer those services.

If you still have questions after reviewing this form and instructions, please contact the Division of Building Standards and Codes by emailing dos.sm.codes.1203ReportForm@dos.ny.gov or calling (518) 474-4073.

Jurisdiction
Name of Local Government
Provide the full name of the local government (e.g. for counties, "Albany County" and for others, "City of Albany", "Village of Cayuga Heights", etc.) for which you are reporting activities relative to administration and enforcement of the Uniform Code and/or Energy Code. You can type part of the local government’s name and choose from the list that appears.

Town of Brookhaven

Municipality Information

Responsibility for Administration of Uniform Code and Energy Code in Brookhaven (470309600000)

Has Brookhaven opted out of enforcing the Uniform Code and Energy Code?
Answer "yes" only if the municipality adopted a local law which was in effect during the reporting period and provided it will not enforce the Uniform Code and Energy Code pursuant to Executive Law § 381(2).

- Yes
- No

Has Brookhaven entered into an agreement pursuant to General Municipal Law, Article 5-G, with one or more other local governments to jointly administer the Uniform Code or Energy Code as authorized by Executive Law Section 381(2)?

- Yes
- No
Does Brookhaven employ any code enforcement officials or building safety instructors to support its administration of the Uniform Code or Energy Code?

If yes, you will be prompted later in the submission to identify these personnel. Answer no if personnel who administer code for the town are not employees of the town.

- Yes
- No

Scope of Report

Submitting Official

Your earlier responses indicate Brookhaven is responsible for its own administration of the Uniform Code and Energy Code. You must be an employee of the town to submit this report.

- OK

Name

Angus Graham

Business Phone

Provide business phone number with area code.

(631) 451-6236

Farmingville

Zip Code
11738

This report pertains to Brookhaven, and it will be submitted by Brookhaven.
You must report on administration of the Uniform Code for Brookhaven in this report.

You must report on administration of the Energy Code for Brookhaven in this report.

**Reporting Period**

Does reported activity cover the full calendar year 2019?
Answer yes if reported code enforcement activities cover the full calendar year 2019 from January 1 to December 31. Answer no if they cover only part of the year. You should only answer no if responsibility for enforcement was transferred to or from another jurisdiction during the calendar year.

Yes

No

Except where otherwise indicated, information provided in this report should reflect the status of the town as of Dec 31, 2019. Information provided regarding activities that happened during the reporting period should include any activities that happened from Jan 1, 2019 to Dec 31, 2019.
Administrative and Legislative Context

How Responsibility Is Assigned

Are third-party contracted services used to meet the requirements of 19 NYCRR Part 1203?

- Yes
- No

Does the fire department perform fire safety inspections?

- Yes
- No

Who is responsible for fire safety inspections?

Town of Brookhaven Department Of Fire Prevention

Legislative Authorization
Please list the local law(s), ordinance(s) or other legislation that provides for the administration and enforcement of the Uniform Code and/or the Energy Code in Brookhaven:

Enter the name and number of the local law, ordinance, and/or regulation that provides for the administration and enforcement of the Uniform Code in the town (example: Local Law #12 of 2006)

L.L. #7 - Chapters 16 & 30

Local Legislative Modifications of Uniform Code Standards

Does the town have in effect any local law or ordinance that imposes construction standards that are more stringent, less stringent, or otherwise different from the requirements imposed by the Uniform Code?

Answer "Yes" if the town has any standards in place that may be subject to Executive Law Article 18, Section 379.

- [ ] Yes
- [ ] No

Is each such local law or ordinance approved or pending approval by the State Fire Prevention and Building Code Council pursuant to Executive Law Article 18, Section 379?

- [ ] Yes
- [ ] No
Specify the year and number of the local law(s) or ordinance(s): *
Do not include laws or ordinances that have been completely repealed or replaced by more recent legislation.

L.L. #8 - Chapter 30 (Fire Prevention)

Local Legislative Modifications of Energy Code Standards

Does the town have in effect any local law or ordinance that imposes energy conservation standards that are more stringent, less stringent, or otherwise different from the requirements imposed by the Energy Code?

Answer “Yes” if the town has any standards in place that may be subject to Energy Law § 11-109.

- [ ] Yes
- [ ] No

Is each such local law or ordinance filed with State Fire Prevention and Building Code Council pursuant to Energy Law § 11-109?

- [ ] Yes
- [ ] No

Specify the year and number of the local law(s) or ordinance(s): *
Do not include laws or ordinances that have been completely repealed or replaced by more recent legislation.

L.L. # 24 - Chapter 16-4.1 (Energy Conservation)
### Permitting

#### Building Permits

**Instructions for this section**
Enter the number of building permits issued for each occupancy type listed.

(A) One-family dwellings, two-family dwellings, and townhouses

(A)(1) New construction

\[ 1^2 3 \quad 582 \]

(A)(2) Additions, alterations, or repairs of existing

\[ 1^2 3 \quad 2285 \]

(B) Other residential occupancies

Exclude one-family dwellings, two-family dwellings, and townhouses reported above

(B)(1) New construction

\[ 1^2 3 \quad 97 \]

(B)(2) Additions, alterations, or repairs of existing

\[ 1^2 3 \quad 0 \]

Operating Permits
Are operating permits required in the town?
Throughout the reporting period, operating permits were defined in the Uniform Code under Section 108 of the 2017 Uniform Code Supplement as follows:

108.8 Operating permits.

Where the stricter of the Authority Having Jurisdiction’s Code Enforcement Program or a Part 1203-Compliant Code Enforcement Program requires an operating permit to conduct an activity or to use a category of building, no person or entity shall conduct such activity or use such category of building without obtaining an operating permit from the Authority Having Jurisdiction. The procedures for applying for, issuing, revoking, and suspending operating permits shall be as set forth in the stricter of the Authority Having Jurisdiction’s Code Enforcement Program or a Part 1203-Compliant Code Enforcement Program.

1

Manufacturing, storing, or handling hazardous materials in quantities exceeding those listed in Tables 5003.1.1(1-4) of the 2015 International Fire Code (see 19 NYCRR Part 1225):

| 12³ | 109 |

Hazardous processes and activities, including but not limited to, commercial and industrial operations which produce combustible dust as a by product, fruit and crop ripening, and waste handling:

| 12³ | 1 |
Use of pyrotechnic devices in assembly occupancies:

0

Buildings containing one or more areas of public assembly with an occupant load of 100 or more persons:

240

Buildings whose use or occupancy classification may pose a substantial potential hazard to public safety, as determined by the government or agency charged with or accountable for administration and enforcement of the Uniform Code:

5

Parking garages:

1

Are other kinds of operating permits required in the town?

Yes

No
Stop Work Orders

Number of Stop Work Orders issued in reporting year
Enter the number of stop work orders issued. If none have been issued, enter 0.

254

Practices

Notification of Fire or Explosion
Have procedures been established for notification by the chief of your fire department(s) regarding fire or explosion involving any structural damage, fuel burning appliance, chimney, or gas vent?

Yes

No
Unsafe Structures and Equipment

Have procedures been established for identifying and addressing unsafe structures and equipment?

- [ ] Yes
- [ ] No

Procedures for Assuring Compliance with Uniform Code

Please identify all procedures used by the town to assure compliance with the Uniform Code:

- [x] Field Inspections
- [x] Plan Reviews
- [x] Software Report or Printout
- [x] Compliance Checklist
- [x] Other
Please specify other strategy to ensure compliance with the Uniform Code:
Use plus (+) button to add as many as needed.

Third Party Special Inspections

Procedures for Assuring Compliance with Energy Code

Please identify all procedures used by the town to ensure compliance with the Energy Code:

- [x] Field Inspections
- [x] Plan Reviews
- [x] Software Report or Printout
- [x] Compliance Checklist
- [ ] Other

Please specify other strategy to ensure compliance with the Energy Code:
Use plus (+) button to add as many as needed.
Record Keeping

Has a system of records of the features and activities specified in 19 NYCRR 1203.3(a-j) been established and maintained?

- Yes
- No

Does the town utilize computer software to support your Uniform Code or Energy Code administration?

- Yes
- No

Which vendors' software products does the town use to administer the Uniform Code or Energy Code?

Accela Permit System

Inspections

Fire Safety and Property Maintenance Inspections
Use this section to report information regarding fire safety and property maintenance inspections performed in the town during the reporting period. In reporting numbers of buildings and occupancies, include only those which Brookhaven is required to inspect pursuant to 19 NYCRR 1203.3(h). Do not include those for which a state agency, such as the New York State Office of Fire Prevention and Control, or another local government is responsible.

(A) Buildings Containing One Or More Areas of Public Assembly in Brookhaven
An area of public assembly is any area with an occupant load of 50 or more

(A)(1) Number of buildings

\[ \text{As of Dec 31, 2019, the last day of the reporting period} \]

(A)(2) Number of buildings inspected

During the reporting period

(B) Buildings Containing 3 or More Dwelling Units in Brookhaven

Do not include:

- buildings containing areas of public assembly reported in (A)(1) above or
- dormitories reported in (C)(1) below.
<table>

Special Inspections

Instructions for this section
Answer questions in this section in reference to special inspections as defined in Section 1702 of the Uniform Code.

Are special inspections required in the town?

Yes

No

Does Brookhaven retain special inspection reports?

Yes

No
Does Brookhaven require a statement of special inspections required as part of a condition for permit issuance?

- Yes
- No

Does Brookhaven require special inspection reports to be submitted prior to issuance of certificates of compliance or completion?

- Yes
- No

**Construction Activity and Compliance**

For each of the following project categories, provide the total number of projects in each category that were completed during the year covered by this report and the number of such completed projects that complied with the applicable requirements of the Energy Code:

**New commercial building construction projects completed**

123

27
Completed new commercial building construction projects that are compliant

27

New residential building construction projects completed

194

Completed new residential building construction projects that are compliant

194

Existing commercial building renovation projects completed

176

Completed existing commercial building renovation projects that are compliant

176

Existing residential building renovation projects completed

317
Completed existing residential building renovation projects that are compliant

With respect to the response to previous question, provide a description of the methods used to verify such compliance with the Energy Code.

Construction Plan Review
Field Inspections
3rd Party Certifications

Average Number of Uniform Code Inspections Per Construction Project

On average, how many construction inspections are conducted for Uniform Code compliance for each *new* residential building?

9

On average, how many construction inspections are conducted for Uniform Code compliance for each *new* commercial building?

16

Average Number of Energy Code Inspections Per Project
On average, how many construction inspections are conducted for Energy Code compliance for each new residential building? *

3

On average, how many construction inspections are conducted for Energy Code compliance for each new commercial building? *

3

Estimation of Numbers Reported for This Section

Are any of the numbers reported in this section estimates?

Answer ‘Yes’ if any of the numbers of occupancies or inspections reported were estimated rather than tabulated from electronic records or manual counting of records.

☐ Yes

☐ No

Energy Code Compliance
The State Energy Conservation Construction Code (Energy Code) was amended and updated in its entirety, effective October 3, 2016. The amended and updated version of the Energy Code includes specific requirements relating to construction documents, applications for building permits, approvals of applications for building permits, and inspections and tests to be performed during construction. The questions in this section of this Report relate to the town's familiarity with, and ability to enforce, these new provisions.

In this section of this Report, the term "2015 IECC" means the 2015 edition of the International Energy Conservation Code (Second Printing, May 2015), the term "2016 Energy Code Supplement" means the publication entitled "2016 Supplement to the New York State Energy Conservation Construction Code (Revised August 2016)," the term "residential building" is as defined in the 2016 Energy Code Supplement, and the term "commercial building" means any building that is not a residential building.

The term "residential building" includes: (1) detached one-family dwellings having not more than three stories above grade plane; (2) detached two-family dwellings having not more than three stories above grade plane; (3) buildings that (i) consist of three or more attached townhouse units and (ii) have not more than three stories above grade plane; (4) buildings that (i) are classified in accordance with Chapter 3 of the 2015 International Building Code (as amended) in Group R-2, R-3 or R-4 and (ii) have not more than three stories above grade plane; (5) factory manufactured homes (as defined in section 372(8) of the New York State Executive Law); and (6) mobile homes (as defined in section 372(13) of the New York State Executive Law). For the purposes of this definition of the term "residential building," the term "townhouse unit" means a single-family dwelling unit constructed in a group of three or more attached units in which each unit (i) extends from the foundation to roof and (ii) has open space on at least two sides.

Did any Energy Code permitting or inspection functions performed in the town involve commercial buildings?

- Yes
- No
Substantive requirements for construction documents

Does the town require that construction documents submitted as part of an application for a building permit show the following data and features of the building in sufficient detail to determine whether a building does or does not comply with the energy code:

Representation of building's thermal envelope? *
- Yes
- No

Insulation materials and their R-values? *
- Yes
- No

Fenestration U-factor and solar heat gain coefficient (SHGC)? *
- Yes
- No
Area-weighted U-factor calculations and SHGC values (where applicable)?

- Yes
- No

Mechanical system design criteria (Manual "J" and Manual "S" for residential buildings)?

- Yes
- No

Mechanical and service water heating system and equipment types, sizes, and efficiencies?

- Yes
- No
Economizer description (in the case of a commercial building)?

- Yes
- No

Equipment and system controls (in the case of a commercial building)?

- Yes
- No

Fan motor horsepower (hp) and controls (in the case of a commercial building)?

- Yes
- No
Duct sealing, duct and pipe insulation and location?

- [ ] Yes
- [ ] No

Lighting fixture schedule with wattage and control narrative (in the case of a commercial building)?

- [ ] Yes
- [ ] No

Location of daylight zones on floor plans (in the case of a commercial building)?

- [ ] Yes
- [ ] No
Air sealing details?

- Yes
- No

Construction document certification

Where the construction documents are required to be prepared by a New York State registered architect or licensed professional engineer, does the town require that the documents bear the seal or stamp and signature of such registered architect or licensed professional engineer and include, immediately above the signature, a statement substantially similar to the following: "To the best of the knowledge, belief, and professional judgment of the undersigned [registered architect or licensed professional engineer], the plans and specifications depicted on these drawings are in compliance with the applicable provisions of the New York State Uniform Fire Prevention and Building Code and the New York State Energy Conservation Construction Code, as currently in effect."?

- Yes
- No
When the town determines the construction documents to be in compliance with the applicable requirements of the Energy Code and accept the documents, does the town stamp the construction documents "Reviewed for Energy Code Compliance" and endorse the documents in writing?

- [ ] Yes
- [ ] No

Are inspections completed for each of the following (where applicable):

Inspections of footings and foundations to verify compliance with the Energy Code as to R-value, location, thickness, depth of burial and protection of insulation as required by the Energy Code and approved plans and specifications?

- [ ] Yes
- [ ] No
Inspections at framing and rough-in, made before application of interior finish and to verify compliance with the Energy Code as to types of insulation and corresponding R-values and their correct location and proper installation, fenestration properties (U-factor and SHGC and, in the case of a commercial building, VT), and proper installation and air leakage components as required by the Energy Code and approved plans and specifications?

* Yes

* No

Inspections at plumbing rough-in to verify compliance as required by the Energy Code and approved plans and specifications as to types of insulation and corresponding R-values and protection, required controls, and required heat traps on potable water heaters?

* Yes

* No
Inspections at mechanical rough-in to verify compliance as required by the Energy Code and approved plans and specifications as to installed HVAC equipment type and size, required controls, system insulation, and corresponding R-value; system and damper air leakage (in the case of a commercial building) or system air leakage control (in the case of a residential building); and required energy recovery and economizers (in the case of a commercial building) or programmable thermostats, dampers, whole-house ventilation, and minimum fan efficiency (in the case of a residential building)?

* 

[ ] Yes

[ ] No

Inspections at electrical rough-in to verify compliance as required by the Energy Code and approved plans and specifications as to installed lighting systems, components and controls and, if applicable, installation of an electric meter for each dwelling unit?

* 

[ ] Yes

[ ] No
A final inspection that verifies, in the case of a commercial building, the installation and proper operation of all building controls required by the Energy Code, the receipt of documentation verifying that activities associated with building commissioning required by the Energy Code have been conducted and that findings of noncompliance corrected, and the receipt of the HVAC system certification required by the Energy Code; and the final inspection shall verify, in the case of a residential building, the installation of all building systems, equipment, and controls required by the Energy Code and their proper operation and the installation of the number of high-efficacy lamps and fixtures required by the Energy Code?

* Yes

No

In the case of residential buildings:

Does the town require that a permanent certificate listing the predominant R-values of insulation installed be completed by the builder or registered design professional and posted on a wall in the space where the furnace is located?

* Yes

No
Does the town require that building envelope values be confirmed as code compliant by at least one of the following methods? Prescriptive, Trade-off method (RESCheck), Energy Rating Index (2015 IECC Section R406)

- Yes
- No

In case of detached one-and-two family dwellings, townhouses, and multiple family dwellings of three stories or less, does the town require that an air leakage test (blower door test) be performed on the completed building envelope?

- Yes
- No

Does the town require verification that the air leakage rate is 3 ACH (50 pascals) or less?

- Yes
- No
Does the town require that a written report of the results of the air leakage test be signed by the party conducting the test and provided to the town?

- [ ] Yes
- [ ] No

In a case where any part of the HVAC duct system located outside of the building envelope, does the town require that a duct tightness test be performed?

- [ ] Yes
- [ ] No

Does the code official receive a written report of the results of the test signed by the party conducting the test?

- [ ] Yes
- [ ] No

In the case of commercial buildings:
Does the town require the demonstration of compliance with one of the following compliance paths?

ASHRAE Compliance Path:

Compliance with the requirements of ASHRAE 90.1-2013, as amended by the 2016 Energy Code Supplement.

Prescriptive Compliance Path:

Compliance with the requirements of (1) Sections C402 through C405 of the 2015 IECC, as amended by the 2016 Energy Code Supplement, (2) Section C406 of the 2015 IECC, as amended by the 2016 Energy Code Supplement, and (3) in the case of tenant spaces, Section C406.1.1 of the 2015 IECC, as amended by the 2016 Energy Code Supplement.

Performance Compliance Path:

Compliance with the requirements of Sections C402.5, C403.2, C404, C405.2, C405.3, C405.5, C405.6, and C407 of the 2015 IECC, as amended by the 2016 Energy Code Supplement, with building energy cost to be equal to or less than 85 percent of the standard reference design building.

*
Does the town require construction documents to clearly indicate provisions for commissioning and completion requirements in accordance with Section C408 of the 2015 IECC?

- Yes
- No

Estimation of Numbers Reported for This Section

Are any of the numbers reported in this section estimates?
Answer 'Yes' if any of the numbers of occupancies or inspections reported were estimated rather than tabulated from electronic records or manual counting of records.

- Yes
- No

Personnel

Instructions

Identify all Code Enforcement Officials and Building Safety Inspectors enforcing the Uniform Code within Brookhaven.
Do not include individuals who are limited to zoning and/or planning functions.
Include both employees and those performing these functions under contract.
Include personnel performing any work that requires them to obtain or possess certification as a Building Safety Inspector or Code Enforcement Officer. For example, fire department staff who perform fire safety or property maintenance inspections should be included. If services are provided by another local government that is required to file this report, you do not need to list any personnel in this report who will be listed in that local government’s report.
Use plus (+) button to add as many as needed.
