Farmingville, NY - Councilwoman Kepert attended Dave Clemens's retirement celebration at the Longwood Library and presented him with a Proclamation to acknowledge his outstanding service to the community.

"The Longwood Library is a vibrant library that is the hub of the community. The Longwood Library is a place where community organizations gather, a place where people of all ages come to learn new skills, where moms can bring their youngsters, and seniors can enjoy the company of others." As a former civic leader Ms. Kepert held many meetings at the library and always felt at home and supported. "The Longwood Library has become an indispensable resource to the community and that did not happen by itself. That happened through the hard work and dedication of Dave Clemens. He will be missed," stated Councilwoman Kepert.

"I'm proud to have worked for and with a community that recognizes the value of a library," stated Dave Clemens.
