### HER JOURNEY

Some of our signature programs include:

**Suiting** Dress for Success Brookhaven volunteers serve as personal shoppers and provide clients with career suits, cosmetics, footwear, accessories and—most importantly—a self-confidence boost.

**Career Center** Volunteers in our Career Center promote confidence and professionalism by providing our clients with personalized assistance in finding and obtaining a job.

**Career EDGE** is a free 6 week seminar series for women seeking employment or a better job. By creating a cutting edge resume and cover letter, participating in mock interviews with local business professionals, working with an experienced mentor and learning to polish interview skills participants will be prepared to confidently present their best self to potential employers.

**Professional Women's Group** the Professional Women's Group (PWG) offers successfully employed Dress for Success clients a support system where volunteers and staff empower them to retain their jobs, build their careers and continue to thrive.
