

# COVID Diagnostic Testing and Antibody Testing

## Diagnostic Testing

### **NYS Department of Health Testing at Stony Brook University**

Suffolk County residents who want to make an appointment for the test can call the NYS Coronavirus Hotline **1-888-364-3065** and they will be triaged by a nurse or a healthcare professional. All tests are performed free of charge.

### **Suffolk County & Hudson River Healthcare Hotspot Testing Locations**

Call 845-553-8030 to be screened for an appointment

Testing by appointment ONLY

Mon. – Fri., 10am-3pm

Coram HRH Elsie Owens Health Center

82 Middle Country Rd, Coram, NY

631-320-2220

### **Rite Aid**

Rite Aid will be setting up two test sites in Brookhaven at their store located at: 803

Montauk Hwy Unit D, Shirley and 229 Independence Plaza, Selden

- Testing will be free of charge to patients.
- Testing is still by appointment only via [RiteAid.com](https://www.RiteAid.com).
- Rite Aid recently expanded its testing criteria. Testing will include all individuals over the age of 18 with or without symptoms.
- A Rx from a doctor or health care provider will not be required.
- Instead of using tents located in our parking lots like previously done, patients will arrive and come through the pharmacy drive through where they will receive a test kit through the drive through drawer. Testing will be completed in the confines of the patient's car, sealed by the patient, and then handed back to the Rite Aid pharmacists through the drawer. Alternatively, some sites may use a drop box type kiosk for testing to be deposited and collected by Rite Aid personnel to minimize contact.
- Rite Aid will be utilizing the self-swab nasal tests.
- Clinical oversight for the COVID-19 testing program is provided by PWNHealth, a national clinician network that enables safe and easy access to diagnostic testing.
- Rite Aid has partnered with Verily and will use its Baseline COVID-19 Program to provide screening, scheduling, and return of results to participants at Rite Aid testing sites.
- Bio-Reference Labs will be doing the testing and reporting all results to NYDOH and County Health Departments.
- At present, each site will have the ability to conduct 50 -100 tests per day

### **City MD**

- Offers testing but only for high risk patients, or those with severe symptoms based on CDC guidelines.
- [www.citymd.com](https://www.citymd.com)

### **Brookhaven Locations**

### **CVS**

Self-swab tests will be available to individuals meeting Centers for Disease Control and Prevention criteria, in addition to age guidelines. Patients must register in advance at [CVS.com](http://CVS.com) beginning Friday, May 22 to schedule an appointment. Patients will be required to stay in their cars and directed to the pharmacy drive-thru window where they will be provided with a test kit and given instructions, and a CVS Pharmacy team member will observe the self-swab process to ensure it is done properly. Tests will be sent to an independent, third-party lab for processing and the results will be available in approximately three days. The new testing sites in New York include:

- CVS Pharmacy, 107 South Country Road, Bellport, NY 11713
- CVS Pharmacy, 311 Main Street, Center Moriches, NY 11934
- CVS Pharmacy, 2315 Middle Country Road, Centereach, NY 11720
- CVS Pharmacy, 1710 Route 112, Coram, NY 11727
- CVS Pharmacy, 470 West Main Street, Patchogue, NY 11772
- CVS Pharmacy, 729 Portion Road, Ronkonkoma, NY 11779
- CVS Pharmacy, 29 Havenwood Drive, Shirley NY 11967
- CVS Pharmacy, 6221 Route 25A, Wading River, NY 11792

### **Antibody Testing**

These tests **are not** free; however, most insurance plans do cover some or all of the cost of the visit, including the test. Check with the provider.

#### **City MD**

All CityMD locations offer antibody testing as of April 28

[www.Citymd.com](http://www.Citymd.com)

#### **ProHEALTH**

All urgent care locations offer antibody testing as of May 6

Appointments must be booked online.
