**Farmingville, NY** – Brookhaven Town Councilman Dan Panico has announced that the kayak launch ramp at Bayview Park in the Village of Mastic Beach has been installed and is now ready for public use. This is the latest in the overall park project that kicked off in June of 2011 to transform the property that was once the home of Bayview Hospital into natural parkland.

"The true beauty of Mastic Beach is in its natural and largely undisturbed shoreline," said Councilman Panico. "This kayak launching ramp will enable area residents to enjoy the waterfront views from the creeks and bay. This is a key addition to Bayview Park, which will receive additional improvements next year."
