**Farmingville, NY** – Farmingville, NY – On January 13, Councilman Michael Loguercio (right photo) announced that the long vacant, dilapidated house located at 304 Station Road in Bellport has been demolished. The house was determined to be “unsafe” by the Town in accordance with Chapter 73 of the Town Code, which provides a “fast track” to rid neighborhoods of unsafe structures. It was demolished by the property owner at no cost to the taxpayer.

Councilman Loguercio said, “This was the first house demolished in the New Year and I am sure that the neighbors are happy to have it removed. We will continue to do what is necessary to clean up blighted properties in the Bellport area and in communities across Brookhaven Town.”
