Farmingville, NY – – On May 26, Councilman Michael Loguercio welcomed the Guerraro family to their new home at 656 Bourdois Avenue in Bellport. The house was recently renovated by volunteers working with Habitat for Humanity of Suffolk, an international, non-governmental, and nonprofit organization, which was founded in 1976. Habitat has been devoted to building "simple, decent, and affordable" housing, and has addressed the issues of poverty housing all over the world.

Councilman Loguercio said, "I was very excited to be a part of such an emotional and important day for the Guerraro family. Thanks to Habitat for Humanity of Suffolk for their time and effort to bring such a beautiful home, not only to the lives of this family, but into the community."

This home represents the 173rd home completed by Habitat for Humanity of Suffolk since 1988.
