August 22, 2013

**Farmingville, NY** - On August 13, Councilman Tim Mazzei (center) was joined by Supervisor Ed Romaine (left) and Deputy Supervisor/Councilman Dan Panico (right) to survey the work done by the Town to reconstruct the Blue Point Dock which was nearly destroyed by Super Storm Sandy. While at the dock, Councilman Mazzei spoke with residents about the Town's plan to install a security gate at the parking lot entrance, improve bulk heading and mitigate flooding in the area.

"Our Parks Department did a great job reconstructing the dock so residents could enjoy it throughout the summer," said Councilman Mazzei. "This area was hit hard by the storm and I am working with our Highway Superintendent to assure that the ongoing issues are being thoroughly addressed and a plan will be put in place to get the work done sooner rather than later."

Supervisor Romaine said, "The Blue Point Dock is such a popular summer destination for families to fish, crab and picnic and I commend Councilman Mazzei and the Parks Department for their restoration efforts."
