October 2, 2012

Farmingville, NY - On Saturday, September 29, 2012 Brookhaven Town Councilman Dan Panico oversaw the demolition and clean up of a dangerous burnt out blighted home at 267 Railroad Avenue in Center Moriches.

"Working hard to remove blighted dangerous structures like this is another step in the process of eliminating eyesores and revitalizing our neighborhoods," commented Brookhaven Town Councilman Dan Panico. "I will continue my efforts to rid our community of these dangerous eyesores and protect our property values by eliminating these attractive nuisances. Although an often litigious process, we make every effort to contact the property owner and gain the owner's compliance in cleaning up and removing these burnt out structures. When that compliance is not achieved we go to court to have an order signed by a Supreme Court Justice authorizing the removal."

The costs of the removal are placed as a lien on the property and recouped by the Town of Brookhaven.

"I want to thank our Quality of Life Task Force, specifically the building and law departments for all of their work in making the demolition of this structure a reality and providing much sough relief to the neighbors," concluded Panico.

For more information about the Town of Brookhaven and/or to follow the achievements and actions Councilman Panico is taking to improve our communities please go to www.brookhaven.org.
