This year, the Town of Brookhaven entered into a public-private partnership with Long Island Events to run the Pennysaver Amphitheater. Long Island Events has committed to maintain this free family event for years to come. John Caracciolo, President of Long Island Events, said, "Thanks to our partners like All Island Media we were able to continue the tradition that the Town of Brookhaven started and maintain this free family event for all to enjoy".

"The July 4th Long Island Philharmonic concert and fireworks show at the Amphitheater is the most spectacular entertainment event of the summer," said Supervisor Lesko, "People come from miles around and they are never disappointed. Thanks to Long Island Events and all the sponsors for working with the Town to present quality entertainment for Brookhaven families."

Deputy Supervisor / Councilwoman Kathleen Walsh said, "The Fourth of July is such a great day to be with family and friends and what better way to top it off than with the Long Island Philharmonic and fireworks at the Amphitheater."

A public-private partnership at the Amphitheater was the first agenda item for the Core Services Working Group, which was formed by Supervisor Lesko and chaired by Chief of Staff Brian Beedenbender with representation from each Council office. The Core Services Working Group issued the Request for Proposals (RFP) for a private operator to run the Amphitheater to reduce Town expenses and capitalize on the potential of the venue. This agreement is anticipated to save the Town of Brookhaven \$200,000 in 2012 through the reduction of expenses and projected revenue for ticket sales. The partnership with JVC is expected to save the Town even more in years two through five as the Town will see additional revenue from expanded programming and continued reduction in expenditures.

The Long Island Philharmonic was founded in 1979 by the late folk singer Harry Chapin in collaboration with Maestro Christopher Keene and several area business leaders. Since then, the orchestra has provided cultural and educational benefits to area residents. Considered young by American orchestra standards, the Philharmonic has made significant strides in expanding its programs and offering a musical product of the highest caliber.

Fireworks by Grucci is based in Brookhaven Town and produces over 300 performances annually all around the world. They have an international reputation of expertise in producing state-of-the-art firework programs and they were the first American firm to win the Gold Medal at the Monte Carlo International Fireworks Competition.

JVC Broadcasting is the largest independently owned radio group on Long Island with four FM stations, including Classic Rock WRCN, Top 40 Dance, Party 105, My Country 96.1, and LaFiesta 98.5.

The Pennysaver Amphitheater is located at Bald Hill in Farmingville and has a permanent stadium seating capacity of 2500 and lawn seating to accommodate an additional 4000 people. The Town of Brookhaven has been hosting concerts at Bald Hill since 1965, when it was known as the Bald Hill Ski Bowl. The current Amphitheater was built in the late 1980's and modeled after venues like the PNC Bank Arts Center in New Jersey. Over the years, many artists have performed at the Amphitheater, including James Brown, B.B. King, Eric Church, Big Time Rush, Blondie, Journey, the B52's, Lynyrd Skynyrd, Alice Cooper, and the Go Go's.
