June 9, 2011

Farmingville, NY - Councilman Dan Panico and Mayor Paul Breschard, representing the community of Mastic Beach Village in the Town of Brookhaven, had a brief ceremony recognizing June 1st as the first day that the Village of Mastic Beach takes over services from the Town of Brookhaven. Many community members were present to celebrate the historic event as Councilman Panico ceremoniously handed off a prototype street sign of Neighborhood Road to the Mayor, symbolizing the transfer of authority to be hung in perpetuity in the Village Hall of Mastic Beach Village.

"On June 1st we commemorated the formal transition of services from the Town of Brookhaven to the Village of Mastic Beach at Neighborhood Road Square," commented Brookhaven Town Councilman Dan Panico. "Mastic Beach is my hometown and I am proud of the progress we have made in just over a year in office. Through hard work and cooperation, I know that Mastic Beach will finally realize its true potential. To that end, I am fully committed to work to help in anyway that I can to make this a reality."

"I would like to thank Councilman Dan Panico for being there for us in the Village of Mastic Beach. If it wasn't for Dan who'd help make the transition go well, from town to village? Dan you will always have friends in our Village. Once again on behalf of the residents of the Village of Mastic Beach we thank you," said Village Trustee Bill Biondi.

"I and the village board deeply appreciate the cooperation of Dan Panico's office in the transition of services from the town to the village. I extend our thanks to Building Commissioner Martin Haley, and Chief Deputy Town Attorney Kevin Johnston for all of their support and work facilitating this transition," said Mayor Paul Breschard. "I along with the Village board look forward to working with the town and various levels of government to achieve our success as a Village."

Residents are welcome to contact Councilman Panico at 451-6502 if they are unsure of what level of government to call regarding a particular service.
