Farmingville, NY - On April 9, Supervisor Ed Romaine (left) joined Commissioner of Housing and Human Services Diana Weir (right) to launch a beautification project in Gordon Heights by planting 25 Cleveland Select Flowering Pear trees to enhance Granny Road from Mill Road to Barlett Road. The project was funded by a $10,000 Federal Community Development Block Grant through the Division of Housing and Human Services. The trees were covered with green "gator" bags, which will facilitate watering until they take root.
