Farmingville, NY - On October 23, Councilman Dan Panico attended Shredding Day at Teacher's Federal Credit Union (TFCU) as part of the Grand Opening celebration of their new Shirley Branch at 437 William Floyd Parkway. During the event, he presented TFCU management with a certificate of congratulations. Also, in an effort to fight identity theft, residents were allowed to bring up to 50 pounds of personal documents and 10 pieces of electronic equipment for free, secure shredding. All shredded paper was recycled and no items collected were placed in landfills.

"I'm happy to welcome Teachers Federal Credit Union to Shirley," said Councilman Panico. "It's good to have another successful, community-minded business here that will help the economy of the area and provide jobs for our residents. I also appreciate their efforts to protect the environment and fight identity theft which is a growing threat."
