**Farmingville, NY** - Earlier today, Supervisor Ed Romaine visited with residents who were trying to beat the heat at the Centereach Pool. During his visit, he announced that the Town has extended the operating hours at municipal pools and beaches and opened a number of facilities to be used as cooling centers during the current heat wave. The extended hours and cooling centers will be in affect from Monday, July 15 through Friday, July 19.

"It's important that everyone stays cool and there's nothing better than a swim to beat the heat," said Supervisor Ed Romaine. "The severe heat can be dangerous and I encourage residents, especially the elderly, to take advantage of our pools and cooling centers if they feel the need."
