July 27, 2015

Farmingville, NY - Supervisor Ed Romaine reminds residents that the 2015 Hurricane Survival Guide is available on the Town's website at www.brookhaven.org. The guide is designed to help residents prepare for a hurricane and other severe weather incidents. It covers preparations and procedures for virtually every hurricane scenario and includes hurricane surge maps which are useful in understanding how different areas might be impacted by hurricanes of varying intensities. There are also important phone numbers, lists, tips, and tear sheets for use at home and at work, as well as a Family Disaster Supplies Kit check list.

"Brookhaven Town has many miles of coastline, which makes us vulnerable to hurricanes and other severe weather conditions," said Supervisor Romaine. "Residents need to be informed and prepared to keep their family and property safe, especially after what we experienced as a result of Hurricane Irene and Super Storm Sandy. I encourage everyone to take the time to read the guide and take action now."

On Tuesday, September 15 at 6:00 pm, the Town will host Governor Cuomo's Citizen Preparedness Corps Training Program, a two hour training course to help residents prepare for any type of disaster, respond accordingly and recover as quickly as possible to pre-disaster conditions. The program includes distribution of free NYS Disaster Preparedness Kits to each family that attends. It will be held in the Brookhaven Town Hall 2nd floor auditorium at 1 Independence Hill in Farmingville. For more information and to register, go to www.nyprepare.gov
